Product Description

Skills

- This jacket is ideal for the experience of being a pregnant woman
- Designed for the educational needs of midwives and also for expectant parents

Features

- Fetal parts and amniotic fluids are represented by silicone gel and give a similar feel to the human body
- The jacket is designed to fit a woman 155–165cm tall, but will also fit a man up to 185cm
- Adjustable straps allow the jacket to be worn by different sized people
- The jacket is filled with silicone gel and bags containing weights
- The weight is adjustable to simulate the different stages of pregnancy
- Weight 7.2kg

Includes

- Gel filled abdomen for added realism
- Quilted polyester/cotton cover
- Adjustable weights
- Storage bag
