TIP: You will also receive access to a **free 3-day trial to all premium features** of the Complete Anatomy app when you sign up for your 3B Smart Anatomy course.

To unlock these benefits, simply scan the label located on your model and register online. All 3B Smart Anatomy features are **completely free of charge** for you. [Click here](#) to learn more.

This foot and ankle skeleton is wire mounted for a flexible effect. The skeleton includes lower most portions of the tibia and fibula. The anatomy model is slightly flexible through the toes and the ankle is naturally flexible. The anatomy model of the human foot is high quality and realistic.

Unfortunately it is not possible to specify left or right version, you will randomly receive a left or right sided model. However this may be possible for large quantities, please call us for further details
