**TIP:** You will also receive access to a **free 3-day trial to all premium features** of the Complete Anatomy app when you sign up for your 3B Smart Anatomy course.

To unlock these benefits, simply scan the label located on your model and register online. All 3B Smart Anatomy features are **completely free of charge** for you. [Click here](#) to learn more.

The 3B MICROanatomy™ Digestive System model illustrates the structure of the fine tissues of four characteristic sections of the digestive system:

- Esophagus
- Stomach
- Small intestine
- Large intestine

The front of the 3B MICROanatomy™ Digestive System model, from top to bottom, shows a magnified view in histological section of the individual sections of the digestive system and their fine tissue structures. On the back of the digestive system model, highly magnified views of didactically interesting areas of each of the digestive system sections shown on the front are emphasized. The anatomy of the human digestive system is magnified 20 times.

3B Smart Anatomy explained in 90 seconds:
