Product Description

New **anatomy app** called 3B Smart Anatomy now included for FREE with 3B MICROanatomy™ Human Eye Model.

Every original 3B Scientific anatomy model now includes these additional **FREE features**:

- Free access to the **anatomy course** 3B Smart Anatomy, hosted inside the award-winning Complete Anatomy app by 3D4Medical
- The 3B Smart Anatomy course includes **23 digital anatomy lectures**, 117 different virtual anatomy models and 39 anatomy quizzes to test your knowledge
- Bonus: **FREE warranty upgrade from 3 to 5 years** with every product registration

TIP: You will also receive access to a **free 3-day trial to all premium features** of the Complete Anatomy app when you sign up for your 3B Smart Anatomy course.

To unlock these benefits, simply scan the label located on your model and register online. All 3B Smart Anatomy features are **completely free of charge** for you. Click here to learn more.

The MICROanatomy™ Eye model illustrates the microscopic anatomical structure of the retina with choroid and sclera. The left block-like, layered side of the eye model shows the complete structure of the retina including the supplying vascular layer and parts of the sclera from a light microscopic view.

The right part of the eye model is a sectional enlargement. MICROanatomy™ Eye shows the microscopic structure of the photoreceptors and the cells of the pigmented layer.

Left part of MICROanatomy™ Eye 850-times enlarged - right part 3800-times enlarged. You've never seen the human eye like this before!
