This classic torso is hand-painted true to detail and made of high-quality plastic. All 3B torsos are also developed and modeled in Germany. This human unisex torso model has the unique feature of an open neck and back section going from the cerebellum to the coccyx. Vertebrae, intervertebral discs, spinal cord, spinal nerves, vertebral arteries, and many other features are represented in detail in this colorful replica of the human anatomy. This human torso model includes the following removable parts and organs:

- 7th thoracic vertebra removable
- 6-part head
- 2 lungs
- 2-part heart
- Stomach
- Liver with gall bladder
- 2-part intestinal tract
- Front half of kidney
- Front half of urinary bladder

All the organs in this human torso are hand painted for a quality product. This great human anatomy educational tool makes learning the location of the human organs easy. It is also supplied with the 3B Torso Guide.
