SKU:

Categories: Muscle Models

Product Description

New **anatomy app** called 3B Smart Anatomy now included for FREE with Human Hip Joint Model with Removable Muscles, 7 part.

Every original 3B Scientific anatomy model now includes these additional **FREE features**:

- Free access to the **anatomy course** 3B Smart Anatomy, hosted inside the award-winning Complete Anatomy app by 3D4Medical
- The 3B Smart Anatomy course includes **23 digital anatomy lectures**, 117 different virtual anatomy models and 39 anatomy quizzes to test your knowledge
- Bonus: **FREE warranty upgrade from 3 to 5 years** with every product registration

TIP: You will also receive access to a **free 3-day trial to all premium features** of the Complete Anatomy app when you sign up for your 3B Smart Anatomy course.

To unlock these benefits, simply scan the label located on your model and register online. All 3B Smart Anatomy features are **completely free of charge** for you. [Click here](#) to learn more.

Represented here is the right hip joint of a male with the individual muscles as well as the muscle origins and insertions on the femur and the hip bone. For educational purposes, the origin and insertion areas of the muscles have been raised and presented in color (muscle origin = red; muscle insertion = blue) on the hip joint. The hip muscles have been mounted on their corresponding regions of origin and insertion and are removable from the hip joint for a different perspective. Studying the anatomy of the human hip bone is easy with this hip joint and removable muscle. The relationship of the muscular system and skeletal system are represented clearly with this human hip joint model.
