Product Description

SUSIE and SIMON Newborn is a life support training simulator that features a fully articulating head and jaw with tongue, and SAFE CPR™ individual disposable airways. Its airway is blocked when the head is forward, and the chest cavity with moulded ribcage, lungs and heart is easily accessible. A realistic chest rise and arterial pulse points make the training even more more effective. Comes with

instruction manual and carrying bag.

Features

- Ten totally disposable airways to practice hygienic mouth-to-mouth ventilation. Realistic chest rise during ventilations.
- Realistic chest cavity provides anatomic landmark as well as chest compliance. Practice compressions and airway ventilation.
- Bilateral brachial, right femoral, and left posterior tibial pulses.
- Multiple arterial pulse sites.
- Fully articulating head and jaw with tongue
- SAFE CPR™ individual disposable airways to practice hygienic mouth-to-mouth ventilation
- Airway blocked when head is forward
- Easily accessible chest cavity with molded ribcage, lungs, and heart
- Realistic chest rise during ventilation
- Arterial pulse points
- Soft, lifelike faceskin with molded hair
- Instruction manual
- Custom nylon carrying bag
- T-shirt and shorts
