SKU:

Categories:BLS Adult

Product Description

This full-size manikin allows the training of BLS rescue techniques and CPR. The resiliency and weight of the body is very realistic.

Features include:

- Natural resistance to chest compression
- Palpable carotid pulse
- Anatomical landmarks such as sternum, ribcage and sub-sternal notch
- Airway ball valve which allows the lungs to inflate only if the head is extended and accurately positioned
- Light controller which confirms correct hand placement, ventilation volume and compression depth
