Male Cath-Ed I Simulator

Item No. LF01025U
Weight 6.8kg
Dimensions 38.1 x 35.6 x 45.7 cm
Make: Nasco Healthcare, USA

[Read More](#)**SKU:****Categories:**Catheterization

Product Description

This unique Life/form® simulator combines visual and tactile learning sensations of catheterization in one compact unit. The mid-sagittal dissections allow detailed study of the internal anatomy and provide students an opportunity to follow what happens when they catheterize a patient. The removable plastic cover identifies key anatomical structures. With practice on Cath-Ed 1 Male Simulator, normal restrictions at the bulbous urethra and bladder sphincter can be detected and identified. A Foley catheter can be demonstrated and seen through the viewing port. Includes a hard carrying case, lubricant, one catheter, 50 cc bulb, syringe, and instruction manual. This simulator does not have a functional bladder.
