Product Description

The Blood Pressure Training System includes a full-size adult left arm that may also be attached to any Gaumard adult manikin. This is a versatile training tool developed to assist health professionals teach the processes and skills required to perform blood pressure auscultation procedures and techniques

Features

- Full size left arm that may also be attached to Gaumard manikin
- Programmable, palpable radial pulse when cuff pressure is less than the selected systolic blood pressure
- Korotkoff sounds K1 through K4 (K5 is silence) audible between systolic and diastolic pressures
- Korotkoff sounds are automatically silenced if auscultation gap is selected
- Korotkoff sounds are automatically adjusted depending upon selected heart rate and the rate of cuff

deflation

- • Conventional stethoscope to auscultate Korotkoff sounds in the antecubital area
- • Programmable Blood Pressure Auscultation Tutor
- • Adjustable systolic and diastolic pressures
- • Adjustable auscultation gap
- • Adjustable pulse rate
- • Display tracks cuff pressure
- • International power supply 100 to 240VAC
- • Optional speakers with volume control allow students to hear what the individual student hears while using the stethoscope
- • One Omni controller included
- • Soft carrying bag
- • Instruction manual
