Vaginal cuff (2" wet)

Item No. 1020370 [W44934]

MPN: DLL0504VC2

[Read More](#)**SKU:****Categories:**Laparoscopy

Product Description

The 2" Vaginal Cuff cuts, sutures and behaves like real tissue. This product is ideal for vaginal cuff closure skills training under the laparoscopic box.

Excellent tissue for vaginal cuff closure training for closure of the vaginal cuff with sutures or v-lock sutures under the laparoscopic box. The tissue can be secured in a Vaginal Cuff Holder that gives a more realistic position or a Small Tissue Mounting Pad can also be used to secure a 2" section for training – both securing methods are effective.
