Categories: Neonatal Patient Care

Product Description

The clinical skills training manikin is for in-hospital infant professionals.

Nursing Baby is an infant manikin designed for scenario-based training of the care and management of

a variety of infant in-hospital patients. Possible training includes:

sounds auscultation
IV and IO skills
fontanelle assessment
urinary catheterization
general pediatric patient care

This infant is unrivaled for clinical training in core pediatric in-hospital clinical skills.

SimPad Plus System and LLEAP Software Required.

Product benefits include:

- Educationally effective for training of in-hospital infant skills
- Pre-programmed scenarios provide standardized training while customizable scenarios
- real time instructor control allows adaptation to meet individual students needs
- Effective education in the special care of infant patients
- Economical and educationally efficient skills and scenario based trainer for care and management of a variety of common and uncommon in-hospital infant patients in multiple clinical settings and hospital transport
- Durable, rugged and lifelike; made to withstand years of use
- Normal, bulging and depressed fontanelles for assessment and diagnosis
- Head with anatomical landmarks, trachea and esophagus along with simulated lungs
- stomach allows the practice of many procedures, including NG, OG, tracheal care
- suctioning
- Bilateral deltoid and bilateral thigh intramuscular injections are possible
- Articulating IV arm and IV leg allows for practice of IV cannulation, medication, administration, site care and maintenance
- Medication and fluid administration through intraosseous infusion allowed via tibia
- access with landmarks at the tibial tuberosity and medial malleolus
- Gastrostomy tube opening for care and feeding
- Presents normal and abnormal heart, breath, and bowel sounds for auscultation
- Interchangeable genitalia allows for urinary catheterization with fluid return
- rectal temperature simulation, and administration of suppositories
- Pre-programmed scenarios aid educators in standardizing teaching

Supplied with: Full-Body Infant Manikin, 3 Simulated Rectal Suppositories, Manikin Lubricant, Baby Pants, Simulated Blood, Carry Case, Directions for Use.
