SKU:

Categories:Ostomy Care

Product Description

This “two-in-one” simulator allows:

- Catheterization: The interchangeable male and female genital organs feature a modular urethral valve to prevent fluid leakage.
- Ostomy care: 3 stomas (transverse colostomy, ileostomy, suprapubic) may be dilated and allow practice of irrigation procedures as well as application of ostomy bags.

Each stoma is connected to an internal tank. Supplied with carrying bag.
