Categories: Moulage and Wound Simulation

Product Description

This wound kit offers a highly detailed variety of diseases, pressure and surgically induced wounds to assist practitioners in understanding the treatment of their patients. Whether the practitioners' education includes clinical nurse training, certified nursing assistant training, surgical technician, or pre-hospital disciplines, it is beneficial to visualize the problems that arise in caring for these wounds. The kit comes with a spray container of odors including sweat and vomit. Comes with 13 wounds and makeup accessories, all packaged in a sturdy carrying case for ease of storage and transport.
