Product Description

Childbirth simulators have been an integral part of Maternal and Child health programs for more than 40 years. The childbirth simulator provides a comprehensive teaching system which combines the best of our patient care simulators with the advanced childbirth simulator. NOELLE™ is designed to provide a complete birthing experience before, during and after delivery. The NOELLE™ birthing simulator comes with four umbilical cords, four dilating cervixes, two umbilical clamps, talcum powder, water

soluble silicone lubricant, instruction manual and carrying bag.

The NOELLE™ birthing simulator features:

- Full size articulating female
- Intubatable airway with chest rise
- IV arm for meds/fluids
- Removable stomach cover
- Practice Leopold Maneuvers
- Multiple fetal heart sounds
- Automatic birthing system
- Measure head descent and cervical dilation
- Multiple placenta locations
- Replaceable dilating cervixes
- One articulating birthing baby with placenta
- One resuscitation baby with intubatable airway and umbilical catheter site

For a complete and realistic labor and birthing process use NOELLE™ birthing simulator.
