To unlock these benefits, simply scan the label located on your model and register online. All 3B Smart Anatomy features are **completely free of charge** for you. [Click here](#) to learn more.

Skeleton model Leo offers the advantages of a [3B Scientific® skeleton](#) and also shows the functional and anatomical connections between the bones and the ligaments. Its elastic ligaments on the larger joints (shoulder, elbow, hip and knee) have been incorporated on the right side of the skeleton. Now

available on a stable metal stand with 5 casters!

The advantages of the 3B Scientific® skeleton are:

- Exceptional value for money
- 3 year guarantee
- Top quality natural casting
- Final assembly carried out by hand
- Made from a durable, unbreakable synthetic material
- On a stable metal stand with 5 casters (painted white)
- Close to the realistic weight of around 200 bones
- Natural size
- Anatomically correct
- 3 part assembled skull
- Individually inserted teeth
- Limbs can be removed quickly and easily

Comes with metal stand and transparent dust cover
