Categories: Human Skeleton Models

Product Description

First class reproduction of a male adult skeleton. This skeleton is manufactured after our strict quality regulations. The stable mounting and robust structure guarantees a long lasting quality even in intensive use. THE FOLLOWING CHARACTERISTICS MAKE OSCAR THE RIGHT CHOICE: - Perfect value for money - 3 year warranty, lifelong repair service - Final assembly by hand in Germany - Made of durable, unbreakable plastic - Natural skeleton size - The teeth are manufactured separately and inserted into the jaw. - The limbs can be removed and reattached very fast and easy using a quick fastener. - Shoulder, hip and knee joints do have flexible rubber attachments that allow lifelike, sliding joint movements. This distinguishes Oscar pleasantly from less mobile models with metal joints. - The about 200 bones of the skeleton correspond with real human bones in size and nearly in weight. - The skeleton is anatomically correct and complete, it shows all important structures and foramina. - 5-spoke roller stand, rugged, smooth-running and removable. - The spine of the skeleton shows spinal nerves, the vertebral artery and a dorsolateral disc prolapse. Size with stand: 178 cm, size without stand: approx. 160 cm Weight: approx. 9 kg
