SKU:

Categories: Injections and Punctures

Product Description

The high-quality Erler Zimmer injection arm offers a wide range of application possibilities for professional and realistic training of blood collection, ideally suited for the training and further education of medical personnel. The injection arm is very lifelike, especially in terms of the puncture feeling, requires hardly any care and has skin and veins that can be changed easily and quickly. This unbeatable value for money model is particularly suitable for group training. The wear parts are easily changed by the user and cost a fraction of comparable competitor products, so you can let your practitioners practice as often as they like. 5 year warranty, manufactured in Germany. Ideally suited for: - Intravenous injection - Intravenous infusion - Blood collection - Palpation of veins - Placement of a venous access Scope of delivery: - 1x adult injection arm incl. skin and venous system - 1x arm support - 4x fluid container - 1x 250ml artificial blood - 1x stand for artificial blood - 1x product manual
