## Prestan Professional Adult CPR Training Manikin Medium Skin Single Pack

**Item No.** PP-AM-100M-MS  
**Weight**  
**Make:** Prestan Products, USA

[Read More](#)

**SKU:**

**Categories:**BLS Adult

## Product Description

The PRESTAN Professional Adult Manikin is realistic to the eye and the touch, unlike any other CPR Training Manikin on the market. Lightweight with fast and simple setup. Equipped with a revolutionary CPR Rate Monitor that allows for instant rate and depth feedback to both the instructor and student. Fully compliant with current industry guidelines, including the most recent AHA Integrated Feedback Directive. **Prestan Professional Adult CPR Training Manikin (installed with Rate Monitor and Depth Clicker for CPR Feedback and AA Batteries not included) Includes:**

- 10 Adult Face-Shield/Lung-Bags
- Instruction Sheet
- Carry Bag

## Warranty Information & Guarantee

PRESTAN offers a THREE YEAR LIMITED WARRANTY against any defects in workmanship or materials under normal use with respect to its PRESTAN TRAINING MANIKINS.

### Additional Details:

All PRESTAN Professional Manikins are available with a revolutionary CPR Rate Monitor that allows for instant feedback to both instructors and students. The visual feedback from the CPR Rate Monitor gives students a real life feel of delivering 100-120 compressions per minute. Lights continually signal rate progression, confirming compressions are within the 100- 120 cpm range recommended by the Industry Guidelines. The yellow light will blink if the 120 cpm upper limit is exceeded, warning students to slow down. Instructors can monitor several students quickly and easily.

In addition to the visual CPR Rate Monitor, students will also hear a clicker sound as the chest is pushed to the appropriate depth of 2.0 -2.4 inches allowing them to experience the true force needed to deliver real life chest compressions.

The CPR Rate Monitor may be purchased separately to upgrade any non-monitored PRESTAN Professional Manikin.

<b>Sleep Mode/No Power</b>	
<b>1<sup>st</sup> Full Compression</b> (Wake mode/LED Test Mode)
