Brainstem, Cerebellum, & Fourth Ventricle Model, 3 Parts

Item No. MG32074

Weight 2.2 lbs

Make: Nasco Healthcare, USA

[Read More](#)

SKU:

Categories:Brain Models

Product Description

Life-size model in three parts, the cerebellum and brain stem in longitudinal section, showing the insertions of the cranial nerves and interior anatomy. All structures are identified and listed in the explanatory leaflet. Important anatomical structures are numbered and indicated in different colors for easy understanding. Made with long-lasting synthetic material. Accompanying an interactive 3D anatomical model with augmented reality is a great tool to encourage learning and support. This

platform allows students to engage in comparative analysis of anatomical models as they compare and contrast the structure of individual organs. This initiative also provides a platform for continuing education, providing opportunities for all students to increase their knowledge of anatomy, physiology and pathophysiology. One-Year Warranty Ship Weight (LBs): 2.2 lbs. Dimensions. (Inches): 8.27 x 6.3 x 11.81
